## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**Cancel claims 9-10.**

#### ***Allowable Subject Matter***

Claims 1-8 are allowed.

The following is an examiner's statement of reasons for allowance:

Prior art of record fails to teach "wherein the third step, the interconnect groove is formed in the third insulating film with the second insulating film being exposed at the bottom of the aperture" in combination with the limitations of claim 1. Consequently, claim 1 is allowable. Claims 2-8, depend from claim 1 and act only to further narrow the allowable subject matter and are also deemed to be allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
